

Data Description

Daily data:

Variable	Description	Unit
Date	Date of measurement	Date
Tmax	Daily maximum temperature measured	Degree Celsius
Tmin	Daily minimum temperature measured	Degree Celsius
Tmean	Daily mean temperature	Degree Celsius
Rainfall	Rainfall measured	Millimeter

Monthly data:

Variable	Description	Unit
Year	Year	Number
Month	Month	Number
Tmax	Daily/monthly maximum temperature measured	Degree Celsius
Tmin	Daily/monthly minimum temperature measured	Degree Celsius
Tmean	Daily/monthly mean temperature	Degree Celsius
Rainfall	Rainfall measured	Millimeter

Notes

- Mean temperature has been derived by calculating average of all the available observations collected at 10 minute interval for a given day or month.
- **NA** has been used as the code for missing data.
